ZERO TRUST AWARENESS SELF-ASSESSMENT

TEST YOUR KNOWLEDGE

FILL IN YOUR ANSWER

	YES	NO	UNSURE

GENERAL

Could you explain the Zero Trust Cyber Security philosophy to your least savvy tech board member?

Do you have any Zero Trust cyber security services in place at your bank today?

DATA

Is the bank's data classified by sensitivity?

Do you have a Data Loss Prevention (DLP) process in place today?

IDENTITIES (END USERS)

Is Multi-Factor Authentication (MFA) in place for internal users?

Have you implemented Single Sign-On?

ENDPOINTS
(PCS. LAPTOPS, MOBILE DEVICES AND SERVERS)

Does your bank allow non-banked owned devices to be connected to your network?

Do you have an End-Point Detection Response application?

APPLICATIONS

Are you enforcing policy based access controls for your applications?

Are you able to monitor threats from your third-party, cloud based applications?

NETWORK

Is your network segmented to limit lateral movement?

Is your network traffic encrypted?

INFRASTRUCTURE

Has your bank implemented a Security Information and Event Management (SIEM) tool?

Does your bank utilize any behavior analytics or automated investigations?

IRONCORE
STRONG · TRUSTED · SECURE

ABOUT IRONCORE, INC.

PROVIDING IT EXPERTISE TO FINANCIAL INSTITUTIONS SINCE 2008.

Keeping up with technology needs requires more resources than ever before. Staying compliant, keeping servers patched, workstations operational, and downtime to a minimum consume more time, money, and energy than most organizations are willing to admit. Supporting network hardware, software, and end-users adds up to be one of the most substantial expenses and headaches for your business. By outsourcing IT and cybersecurity services, your organization has access to a greater level of expertise at a fraction of the cost.

SERVICE PROVIDER OF THE YEAR!

IRONCORE was chosen as Community Bankers of Illinois' (CBAI) 2022 Service Provider of the year! CBAI is a professional trade association representing nearly 300 Illinois commercial banks and thrifts.

> "IRONCORE delivers a perfect mix of highly skilled professional services with personal, individualized customer service that makes them one of my favorite vendors."
>
> *- Christy L. Carpenter, Springfield State Bank*

> "Bankers are searching for a trusted partner that will help strengthen their IT and cybersecurity program without disrupting its current staffing and cost model. The banker-leadership at CBSC is convinced IRONCORE is that partner."
>
> *- Mike Kelley, CBSC President*
